

Z3-Noodler - An Automata based String Solver

Theory and Practice of SMT Solving

Luís Felipe Ramos Ferreira

What is Z3-Noodler

Welcome to my presentation!

Slide 2: Introduction

- ▶ First bullet point
- ▶ Second bullet point
- ▶ Third bullet point

Slide 3: Math Example

Here is a mathematical formula:

$$E = mc^2$$

Slide 4: Code Example

```
“python def hello_world(): print(“Hello, world!”)
```
